It has no superior. White Swan flour is growing in popularity every day, try a sack. TWO PHONES, 23 and 150.

HOWELL BROTHERS,

Grocers and Coffee Roasters.

REDUCING THE FORCE

Most of Our Soldiers at Pekia to Return to Manila.

CHAFFEE TO REMAIN

He Will Look After the Protection of American Subjects and Interest. Japan Has Accepted Germany's Proposition.

Washington, Sept. 25.—Directions to Minister Conner to put himself in relation with Li Hung Chang and Prince Ching has not yet gone forward. The message practically has been framed, but its form is subject to the approval of the president. In view of the talk in European capitals of counter propositions made by the United States relative to these preliminaries, begins to appear that the officials here were correct in their first estimate of the time that will be required to mark the taking of the next step in the Chinese matter.

The navy is pushing steadily ahead in execution of orders given by Secretary Long for the reinforcement of the Asiatic fleet.

A message came to the department from Admiral Schley at Montevideo announcing the arrival of the Wilmington at that place from Palmyra and stating that as soon as she can take on coal she will start directly across the south Atlantic for the Mediterranean on her way to Manila.

Captain Craig, commanding the cruiser Albany, also reported to the department from the Pieraues, that his ship was about to get off for China.

The secretary of war cabled General Chaffee that pending negotiations for settlement the legation guard would be a regiment of infantry, four troops of cavalry and a light battery, under command of General Chaffee. These will remain in Pekin for the protection of our minister and American interests and that the remainder of General Chaffee's force, along with staff officers not required, stores and material, will be sent to General MacArthur at Manila.

General Chaffee reported to the war department by cable that conditions were quiet at Pekin and indicated that he himself would remain in command of troops that are to stay in the Chinese capital. During his temporary absence in Tien Tsin, General Wilson was in command of the Pekin forces.

Russians Take Chinese Fort.

Taku, Sept. 25.—A Russian force of six companies of infantry and two squadrons of cavalry occupied Lu Tai forts Monday night without suffering casualties. The Chinese had previously fled.

Russians are building the Tien Tsin railway station and others and the prospect that the railway will be handed over to another power is remote.

The Russian minister, M. de Giers, will remain at Pekin for the present.

An expedition will start from Taku for Pao Ting Fu, Sept. 20.

Russian and Japanese Replies.

London, Sept. 25.—According to a dispatch received here from Berlin, the Russian and Japanese replies to Germany's proposal were received Monday. It is asserted that Russia "assents in principle" while Japan's answer is an "emphatic approval."

England Refuses Germany's Proposal. London, Sept. 25.—Lord Salisbury has replied to the German note in terms identical with those of the United States.

German Navy Gone to Taku.

Berlin, Sept. 25.—The German naval division has left Shanghai for Taku.

Edict to Retake Pekin.

Shanghai, Sept. 25.—It is reported from Chinese sources that the dowager empress has issued a secret edict commanding Li Hung Chang to raise an army and recapture Pekin.

Eleven Missionaries Murdered.

London, Sept. 25.—The China inland mission has received a cable mission announcing the murder of 11 missionaries at Shi Cheo Taning Yah Yang, province of Shan Si.

A News Agency dispatch from Hong Kong says 20,000 triads have congregated in the neighborhood of Chung Chuan and threaten to make an attack on Canton.

Prince Henry Goes Higher.

Berlin, Sept. 25.—Prince Henry of Prussia, is now commander-in-chief of first German squadron, succeeding Vice Admiral Hoffman, who has been relieved from the post.

Bryan Back at Lincoln.

Lincoln, Sept. 25.—W. J. Bryan has returned to Lincoln after his trip to Chicago to consult with the Democratic national committee. He was accompanied by Hon. Eugene Smith of Populist national committee and Hon. J. C. Dahlgren, the national committeeman for this state, who will have charge of the special car to be occupied by Bryan on

on his forthcoming tour. The national Democratic candidate arrived quietly and proceeded to his residence on a street car. He said he had no announcement to make as to the result of his visit to Chicago further than had been made.

Big Oil Deal Made.

Corsicana, Tex., Sept. 25.—T. C. Stribling has entered into contract with the Houston refinery people to supply them with 100,000 barrels of the heavy oil found just east of this city, at 90c per barrel.

JOHN M. PALMER DEAD.

He Was Candidate for President on the Gold Democratic Ticket.

Springfield, Ills., Sept. 25.—General John M. Palmer, ex-United States senator from Illinois, died at his residence in this city early this morning. Death was caused by heart failure. He was honorary pall bearer at General McClelland's funeral last Saturday. Monday night General was on the street viewing the state fair illuminations

JOHN M. PALMER.

until a late hour, apparently well. He was 83 years old.

General Palmer was one of the best known men in Illinois and had long been identified with every progressive move of Springfield. He won fame for himself during the civil war and in 1896 was a candidate for president of the United States on the gold Democratic ticket with Mr. Buckner.

No arrangements yet announced of the funeral.

STORM AT NOME.

Number of Lives Are Believed Lost and Many Vessels Wrecked.

Seattle, Wash., Sept. 25.—The steamer Roanoke brings news of a most disastrous storm at Nome. It raged with unusual violence for nearly two days up to the evening of Sept. 13, and was the severest that ever visited northwestern Alaska.

A number of barges and lighters were driven ashore and totally wrecked. All along the beach for miles, both east and west of Nome, the wind and water have created havoc with tents and mining machinery.

A number of lives are believed to have been lost. It is known that Andrew A. Ryan of Los Angeles, was drowned. Several captains and seamen on small tugs are missing and it is thought they are lost. Fully 500 people are homeless while the loss to property and supplies is over half million dollars.

There is no alley leading to the beach that is not filled with debris. Many of the front street buildings abutting on the beach have been damaged. Numerous small buildings were swept away. The damage to buildings, tents, household effects, merchandise and other goods and chattels is seen everywhere along the water front.

The heaviest individual losers are probably the Alaska Commercial company and the Wild Goose Mining and Trading company. A serious loss is the disappearance of over 200 tons of coal.

Captain French, in command of the troops has thrown open the government reservation to those rendered homeless by the storm and will extend such other assistance as is possible.

SHIPS AT GALVESTON.

Seventeen Foreign Vessels Are There Ready for Cargoes.

Galveston, Sept. 25.—Seventeen foreign steamers are here ready for cargoes. The official receipts of cotton today was 13,201 bales.

More than 1000 men are working along the wharf front.

More than 2000 contracts have been let for repairs or rebuilding.

Money is again getting into the regular channels and general business has partially resumed.

It is proposed to consolidate the city and county governments for the purpose of economy.

The clearing of the immense mass of wreckage is much slower than could be desired, but is progressing as fast as the limited labor supply permits.

A mistake has been made in allowing saloons to reopen. In a quarrel Monday evening between negroes one was killed. It is probable the mayor will be called upon to close the saloons for 30 days.

Governor Sayers is here conferring

September Days

Are on hand and we want your grocery trade, or atleast a share of it for this month. We promise the best service—courteous treatment, prompt delivery and the best goods at the lowest prices. We are receiving

Fresh groceries

Constantly and keep pace with the seasons in our purchases. We will make it to your interest to try us this month.

The Bryan Grocery Co.,

Pipe work and plumbing,

Water Backs in Stoves, Fitting up Reservoir, Bath Tubs, Hose Repairing, Etc. Leave orders at Wilcox's blacksmith shop or at The Bryan Eagle office; work promptly done.

M. F. HEENAN.

with the authorities.

A large number of contractors, marine adjusters, land speculators, etc., are pouring into the city.

Pythian Loss at Galveston.

Fort Worth, Tex., Sept. 25.—Henry Miller of Weatherford, one of the grand officers of the Knights of Pythias of Texas, was here on his return from Galveston as a member of the relief committee of that order. He says that 29 members of the Knights of Pythias were drowned in the floods and about the same number missing. The insurance on the lost members of the endowment rank will reach \$30,000.

Population of Fort Worth.

Washington, Sept. 25.—The population of Fort Worth, Tex., is 26,668 as against 23,076 in 1890, an increase of \$612 or 15.65 per cent.

Howard Trial Ends.

Frankfort, Ky., Sept. 25.—Arguments were concluded at 1 o'clock this afternoon in the Howard trial and the case given to the jury.

THE DAILY EAGLE.

BY CONNELLY, PALMER & CARNES.

SUBSCRIPTION PRICE:

Per Week, 10c. - - Per Month, 40c.

WEDNESDAY, SEPT. 26 1900

Bryan is in need of more good
rent houses conveniently located.

This year the east, west and
middle west have the presidential
campaign enthusiasm cornered.

Nothing builds up a town so
rapidly as manufacturing enter-
prises. Bryan wants all she can
get of them.

While the past two years have
been filled with unprecedented
disasters in Texas, they have also
witnessed remarkable industrial
development throughout the state.

Every available influence should
be strenuously exerted to prevent
the planting of too much cotton
next year. Crop diversification
and disaster have put prices up
and the producers owe it to them-
selves to make every effort to keep
them up.

PAYING THE LABORERS

Seven Thousand Dollars Paid Work-
men Clearing the Wreck.

RAILROADS AT WORK

They Are Striving to Get Tracks in
Shape so Trains Can Run. Sa-
loons Opened and Toppers
Proceeded to Fill Up.

Galveston, Sept. 25.—Under the super-
vision of Chairman Jens Moller of the
committee on public labor nearly 1000
men went to work yesterday cleaning
the streets and beach front of debris
and dead bodies. The wages are \$2 a
day for laborers, \$3 for men and carts
and \$3.50 for men and teams. The
money to be paid out of the general re-
lief fund. Each ward is presided over
by a boss in charge of the workmen in
that ward, Acting City Engineer Lias
superintending the whole work.

Paying the men for four days labor
under General Scurry for above class of
work as authorized by the central com-
mittee has been finished. The total rolls
aggregate about \$7000.

A board of government engineers of
the United States army will be convened
in Galveston on or about Oct. 20 for the
purpose of investigating damages to the
fortifications and jetties and other gov-
ernment property.

After being closed for a fortnight the
saloons opened Monday morning with
the consent of the mayor. A great deal
of money has been paid out for labor
during that period and there is much
drunkenness. To discourage intemper-
ance the judge of the corporation court
has announced that he will show no
mercy to those proven guilty of being
drunk, and the mayor announces that
he will close the saloons again if the
drunkenness continue.

The railroads are trying to get their
new tracks in the storm swept district
between here and Houston placed in
good order, but find it difficult to get
men. While the city was under mar-
tial law and men were being impressed
to bury the dead and clear away the de-
bris, hundreds of men were glad to get
out of town and work for the railroads.
Now that they have money and that
martial law is over, they are returning
to the city to get separated from their
money.

The work on the wharves has been
resumed with all the men available.

Governor Sayers is on his way here to
confer with the central relief committee
in regard to giving out a statement of
contributions received for the relief of
Galveston, also in regard to the matter
of providing funds for the support of
necessary departments of city govern-
ment.

Superintendent David Hall of the city
electric light system reports that he has
made arrangements with the Star Flour
mills to furnish street lights temporarily
and that he has offers of machinery and
supplies which will enable him to restore
the city's plant at an expense of only
\$1000 and that for labor. He offers
his services for a year free of charge.

Dr. I. M. Cline, observer of the United
States weather bureau, has sent out a
warning to the farmers living in the
bottoms of the lower Brazos river that
the river will continue to rise Tuesday
and Wednesday and that it will proba-
bly reach high water mark, that is to
say, 22 feet above low water mark.

Estimate of Galveston's Loss.

Galveston, Sept. 25.—The subcommit-
tee gave the correspondents the follow-
ing estimates and statements: Loss of
life estimated at 8000; 6000 in the city,
1000 on Galveston island outside the city
limits, and 1000 on the mainland.

Ninety-seven and one-half per cent of
the buildings in the city were damaged,
and it will cost about \$1,100,000 to clear
the city of debris and place it in a sani-
tary condition.

Used indiscriminately, there is suffi-
ciency of food and clothing supplies on
hand to meet requirements for the pres-
ent, but money is needed.

Fifty Vessels Missing.

St. Johns, Sept. 25.—More than 50
French vessels from St. Pierre are still
missing as the result of the recent gal
and much alarm is felt for their safety.
Many doubtless are only disabled, but it
is almost certain that others have
foundered.

Storm Strikes British Columbia.

Vancouver, Sept. 25.—Four men met
death in the equinoctial storm that burst
over the Gulf of Georgia. They were
drowned by a fishing boat capsizing.

Were Not Victims.

Talihina, I. T., Sept. 25.—Governor-
Elect Dukes and D. Thomas, referred
to in recent dispatches as having proba-
bly lost their lives in the Galveston cy-
clone, are alive and at home. They did
not reach Galveston, getting only as far
as Dallas.

Another Plague Death.

Glasgow, Sept. 25.—Another death
from bubonic plague is reported, making
the seventh since the outbreak. Only
40 persons are now under observation.

Lost the Power of Speech.

Guthrie, O. T., Sept. 25.—George
Thompson, a leading attorney of Ponca
City, is afflicted with a peculiar ailment.
He retired Thursday night feeling per-
fectly well and woke Friday morning
unable to make a sound. He had com-
pletely lost the power of speech, but is
in excellent health and all right other-
wise.

The Black Brother's Dilemma.

The Rev. Dr. Hills, of Brooklyn,
the other day told a story showing
the unsettling effects of the higher
criticism. It fell to his lot to at-
tend the funeral of a negro, sharing
the service with a colored minister.
As the two clergymen were riding to
the cemetery the brother in black
suddenly asked Dr. Hills how he got
along at his church with the higher
criticism. Dr. Hills replied that
it was not a disturbing element at
Plymouth. "Well," said his com-
panion, "it's making things pretty
hot at our church. One of my dea-
cons who is down on it comes to
prayer meeting and prays, 'O Lord,
bless our pastor and help him to
bring old treasures out of the Word,'
while another deacon who believes in
it follows him and prays, 'O Lord,
bless our pastor and help him to
bring new treasures out of the Word,'
and betwixt those two deacons and
the Lord they keep me black and
blue." Dr. Hills naively added
that he supposed the deacons kept
the minister blue while the Lord
kept him black.

A Rug of Many Pieces.

A Washington man has on his
dining room floor a remarkable rug.
It is composed of 225 pieces so ar-
tistically sewn together that no seam
is visible. It seems that there is a
certain wild sheep in Brazil whose
general color is solid brown, with
the exception of a small spot, snow
white, about four inches square, on
its breast. The rug in question is
made of these white spots, and 225
sheep were killed to provide them.

No. 1 and No. 2 mackerel and
white fish just received and now on
sale at Cole Bros. 259

St. Louis Fair.

Sept. 29-30 and Oct. 1, 1900, H. & T.
C. will sell round trip tickets to St.
Louis. Fare, \$23.50. Tickets to be
stamped in St. Louis for return on or
before Oct. 8, and good for continu-
ous passage each direction.

ceived the official approval of the exposition today, when Gold Med-
al was awarded to Bernheim Bros., Louisville, Ky., on their I. W.
Harper Whiskey. Sold in Bryan, Texas, by J. L. Hearne.

Happy old age

Many women who have enjoyed good
health all their life begin to fade when they
reach the age of forty-four. They grow
nervous and irritable and suffer with eigh-
theadaches. Their livers are torpid, their
digestion is impaired and their bowels are
irregular. They are experiencing the
"change of life." And it is not strange that
the cessation of the menstrual habit after
thirty years operation should disturb the
system and tax the strongest constitution.
This trying period has no terror for a
woman who uses Wine of Cardui. It builds
up her strength and prepares her for the
 ordeal. When the change of life is not
safely passed, a woman quickly becomes an
invalid. Slumbering disease germs are
given increased activity and they appear in
aggravated form. If you take Wine of
Cardui regularly when approaching the
change of life you will be assured better
health than you have ever enjoyed before.
A happy old age and restful calm will be
your reward. Mrs. Campbell was cured
after suffering three years with "change
of life." Theford's Black-Draught, the
companion medicine of Wine of Cardui,
assimilates with it perfectly, curing
digestive liver and kidney affections,
and throwing impurities and disease
germs out of the system. Both working
together make a well and happy woman.

McELREE'S Wine of Cardui

YOUNGS, Laurens Co., S. C., Sept. 22, 1899.
I have recommended your Wine of
Cardui and Theford's Black-Draught
to be. I have been suffering three years with the "change of life," and I did
not get anything that would do me any good until I tried your medicines. I give
thanks to Wine of Cardui and you, for it relieved me. Mrs. D. H. CAMPBELL.
For advice in cases requiring special directions, address,
giving symptoms, "The Ladies' Advisory Department,"
The Chattanooga Medicine Co., Chattanooga, Tenn.

Best Obsolete Words.

A London journal recently offer-
ed a prize for a list of the best six
of old English words which might be
revived with advantage. Two of
the words in the winning list are
"commoriant," dying together, and
"algate," at any risk.

Sailor Statesmen.

Two members of the present
congress began life as sailors. Each
was a New Englander by birth,
each ran away to sea, and each made
his home in California. One is
Senator Perkins and the other Rep-
resentative E. F. Loud.

Yale in Congress.

There are sixteen Yale men in the
present congress. Five of these are
Senators E. O. Wolcott, W. M. Stew-
art, T. C. Platt, C. M. Dwyer and
G. P. Wetmore.

Time, Saturday, Oct. 13, 1900, 12 m.; place, Marlin, Falls county, Texas.

Apportionment same as state. Credentials must be filed in my office on or before Oct. 10, 1900.

R. B. Goosby, Cha'm.
J. H. Childs, Secy.
Bryan, Texas, Sept. 25, 1900.

Texas State Fair.

Sept. 28th to Oct. 14, 1900 H. & T. C. will sell round trip tickets to Dallas. Fare, \$5.40; limit Oct. 15. Ticket to be stamped by depot ticket agent before good for return.

Get your fresh meats of all kinds at

Brogdon's Market,

TRANT'S OLD STAND.

Beef, Pork, Sausage, Etc., the best that can be had, always on hand Yours to please,

R. L. BROGDON.

SHOOTING AT SHERMAN.

Two Men Wounded, One Being in a Serious Condition.

Sherman, Tex., Sept. 25.—Charles E. Watson, a well known cotton broker, who has been doing business in Sherman and Denison, is at his rooms 4n the Binkley hotel seriously, perhaps, mortally wounded from four pistol shot wounds.

Mr. Dumas, a well known planter of south Grayson, is at the home of his daughter Mrs. Dick Cole, with his left arm shattered from a pistol shot, the ball entering just below the elbow and coming out at the wrist. He filed bond in the sum of \$1000 on a charge of assault with intent to kill Watson.

The participants and their families have until last Thursday been the closest of personal friends.

The tragic affair occurred at the union passenger station here, but what caused the shooting is withheld from the public.

ANOTHER CYCLONE.

Thirteen Persons Were Killed, Some Injured and Property Destroyed.

Faribault, Minn., Sept. 25.—Meager details have reached here of a terrible cyclone which visited the village of Morristown, 10 miles west of here, late yesterday evening. A barn was raised in the air and dropped directly on top of Paul Gatzke's saloon, where 16 persons had taken refuge from the storm. The saloon collapsed and all occupants were buried in the debris. Thirteen are dead and the remainder injured.

The storm then passed off to the northwest and did no further damage.

The first fatality occurred, however, before the village was reached. The farm of John Olsen, who resides two miles from Morristown, as far as can be learned, is the first place where any damage was done. Olsen's hired man, Peterson, was killed.

Patterson Is Convicted.

Athens, Tex., Sept. 25.—In the case of Jim Patterson, who has been on trial here several days, charged with the killing of Constable Rhodes of the Trans-Cedar precinct on the night of Dec. 24, 1898, the jury returned a verdict of guilty and assessed his punishment at 14 years in the penitentiary.

It will be remembered that Patterson is the man that the mob claimed to have been hunting the night the Humphries were lynched; also that the Humphries had been harboring him.

Hurt at a Political Speaking.

Brookings, S. D., Sept. 24.—During the meeting addressed by the Prohibition candidates for president and vice president at Haron, a side wall built over the subway near the speaker's stand, gave way and fell to the bottom of the subway, a distance of nine feet, carrying with it from 75 to 100 people. A score of persons suffered severe bruises and a shaking up, but only three appeared to be badly hurt.

Killing Near Elkhart.

Elkhart, Tex., Sept. 25.—Charles Curtis was shot and instantly killed seven miles west of here. The weapon used was a repeating shotgun. Two shots were fired, taking effect in the back of the head and right shoulder. Curtis was on his way to Palestine with a load of wood. A 45-caliber Colt's pistol was found in the dead man's hands. An old feud existed.

Coal Oil Can Tragedy.

Weatherford, Tex., Sept. 25.—Mrs. A. J. Powell, formerly Miss Alice Hill, died at her home in this city after suffering several hours from burns. She undertook to make a fire in the stove with coaloil. The oil in the can ignited. Mrs. Powell's clothing was burned off and she was in agony until the last moment.

Burned With Vitriol.

Greenville, Tex., Sept. 25.—Smith Tippet, a prominent farmer of the White Rock neighborhood, had some oil of vitriol thrown in his face Sunday night as he was sleeping by an open window. It was feared that one eye is burned out. No clew to the perpetrator.

British Take Komatiport.

London, Sept. 25.—General Roberts reports from Pretoria that guards under Pole-Carew have occupied Komatiport. The bridges were found intact. Much rolling stock, locomotives and truck loads of ammunition captured. Only a few rifle shots were fired.

New Bridge Damaged.

Calvert, Tex., Sept. 25.—A 16-foot rise in the Brazos swept away the false work of the new bridge now in course of construction where at one time was located the Black bridge. The bridge was to have been ready for use about Oct. 1.

Dying of Blackleg.

Paris, Tex., Sept. 25.—J. A. Pennington, living seven miles west of Goodland, I. T., reports some cattle dying of blackleg. He says the disease is mostly confined to calves, yearlings and 2-year-olds.

Found a Watch in a Carcass.

Navasota, Tex., Sept. 25.—A butcher in this city slaughtered a beef and while cleaning it he discovered in the paunch a gold watch bright as it could be possibly made by the jeweler.

Accident Proved Fatal.

Corsicana, Tex., Sept. 25.—Robert Marsh, 16 years old, who accidentally shot himself with a target gun last Friday while hunting, died from the effects of the wound.

Acquitted of Triple Murder.

Knoxville, Sept. 25.—John and Joseph McGee were acquitted at Madisonville for killing the two Howards and Murr in a feudal fight over a year ago.

THE STRIKE SITUATION

No Clash in the Schuylkill Region
as Anticipated.

NO MINES RESUMED.

If There Was Any Change in Conditions it Was in Favor of the
Miners—Strikers' Lines Are
Still Unbroken.

Philadelphia, Sept. 25.—Instead of the expected clash between the troops and striking mine workers in the Schuylkill region yesterday a peaceful calm pervaded the region and there was not the slightest disorder for the soldiers to be called upon to quell.

While the operators claim that a number of their employees returned to work at the mines in the Schuylkill region, it was early in the day evident that the operations did not assume the activity the mine owners Sunday anticipated, and indications are that more collieries are idle than at any time since the strike began.

Philadelphia, Sept. 24.—There was more activity today in the coal miners' strike situation than for several days past. Men marched from mine to mine in the Hazleton region inducing workers to quit and go home, being careful to so conduct themselves as not to transgress the law. Near Wilkesbarre several small washeries that were idle are producing fuel, and around Scranton operators show a disposition in one way or another to move things.

In the neighborhood of Shenandoah where soldiers are located, everything is quiet, though the Reading company has three less mines at work. Taking the entire coal field as a whole it may be said fewer men are at work than at any time since the strike began and consequently less coal is being produced.

From Hazleton comes the information that Markle & Co. have granted some demands made by their men 10 days ago, leaving to arbitration, however, the main question of a reduction in price charged miners for powder.

MORE MINERS QUIT.

Sixteen Thousand Go Out in the Mahanoy District.

Shenandoah, Sept. 25.—Sixteen thousand more mine operatives are idle in what is known as the Mahanoy valley, which extends 14 miles along Broad mountain. The action of the men is a surprise to the military and the mine owners. It was entirely unlooked for, and has given renewed courage to the strike leaders. They declare the mine workers around Shenandoah have gone out on a sympathy strike. The presence of the militia is believed to have caused the present condition of affairs. The rioting foreigners have struck and will not work.

The American, English, Welsh and Irish employees are not thoroughly organized and were at work last week until intimidated by the foreigners, composed of Hungarians, Poles, Lithuanians and half a dozen other nationalities. A chance to work, guarded by the troops, was given them, but they would not accept it. They fear bloodshed and do not want to be drawn into any affray. Remaining away as they do, they have added to the strength of the strikers.

The situation is extremely critical. One overt act may precipitate a crisis. The strike leaders are taking every opportunity to add to their numbers. Apparently the men who had determined to continue work are now thoroughly frightened and it is doubtful whether any company in this valley will succeed in starting up its mines with anything like a complement of men for many days.

The authorities have received warning of impending trouble around Hazleton and desire to move some of the troops in that direction.

It is now admitted that the number of soldiers called out was not too many and the Ninth and Thirteenth regiments have been ordered to be ready to march at a moment's notice.

In Shenandoah, Mahanoy City and other places the foreign element are out on the streets in full force, most of them wearing their Sunday clothes. They are said to be better off than any other class because most of them have money and can live. They do not care how long the strike lasts, and many will quit the regions entirely.

COAL ADVANCES.

Steam Coal Goes up a Dollar on the Ton at New York.

New York, Sept. 25.—The two qualities of coal known as "pea" and "buckwheat", which are now used for steam generating purposes have jumped up \$1 a ton. "Pea" coal now costs the consumer \$4.50 and "buckwheat" \$4. Arising out of this advance threats of lawsuits against dealers are already being heard. For sometime a large number of dealers, under the stress of competition, have consented to omit in contracts which they have made with manufacturers, and large office buildings the clause which permits them to break the agreement in case of strikes.

But, despite the absence of this clause none of the dealers would supply coal under their contract except at the increased price of \$1 a ton. The consum-

ers have no alternative except to submit or go without coal, but many of them declared that they would appeal to the courts to compel the coal men to live up to their contracts and to refund money paid beyond the amount called for in the agreement. The retailers profess to stand in no fear of these actions, "usage of the trade," they asserted, will protect them.

As a standard price domestic coal remains unchanged at \$6.75 for white ash and \$7.25 for red ash. These quotations have prevailed since last Friday and the reason that the dealers are not following up the practice which they adhered to during the previous ten days, of making advances every 24 hours, is that orders have not been pouring in upon them with the rapidity that they anticipated when "coal famine" prospects were first discussed. Householders are buying coal only in small quantities, and are not purchasing amounts more than they imperatively need.

Bituminous coal men continue to reap a harvest as a result of the strike. The net advance in soft coal since last Friday averages about 50 cents a ton, and with matters as they are in the anthracite regions, another rise may be looked for. The soft coal men say that even should the strike cease, they will maintain present prices, as the demand for their product is sufficiently large enough to enable them to get the rates asked.

THE TOWNS SAFE.

Marble Falls and San Saba Not Ruined by the Flood.

Austin, Sept. 25.—The latest reports from Marble Falls and San Saba state that those towns are intact and the water is falling. Many people in the lowlands are temporarily homeless, but no loss of life.

While the flood is receding at Marble Falls the full force of the overflow reported at Goldthwaite has not reached there as yet.

The river at this point is full three-quarters of a mile wide and rising, and the surface filled with debris of all kinds, including dead stock.

PEOPLE WARNED.

Telegraphic Messages Sent to All Places Along the Colorado.

Austin, Sept. 25.—Governor Sayers last night wired to all points south of here warning notices that the most terrible flood in the history of the Colorado river is now surging down through the mountain gorges to the northwest of here.

The warning notice was sent out by Governor Sayers in response to the following telegraphic warning from Phil H. Clements at Goldthwaite:

"Notify all towns on Colorado river and have towns notify country points that river is 10 feet higher than ever known before and is still rapidly rising. Very urgent."

A telephone message was received here by the chief of police of Llano saying that San Saba, 40 miles north of that place on the Colorado river, containing about 1000 people, was partially swept away by the flood in the San Saba river, which was still rising. All bridges had been carried off.

No news could be had from San Saba, the wires all being down.

It is feared there has been great loss of life in the bottoms, as the rise was in the night and came without warning.

The river has been rising very rapidly at this point since 4 o'clock yesterday afternoon and reports from Goldthwaite say that the water is still rapidly rising in the Colorado river near there. The rise was reported to be 50 feet. All along the Colorado watersheds very heavy rains have fallen during the past four days and the rise reported coming down now is 30 feet higher than the one that broke the Austin dam and wrecked the city's light and power plant last April.

Great alarm is felt here as to the result of the rise.

Creek Two Miles Wide.

Jacksboro, Tex., Sept. 25.—The rise in the west fork of the Trinity river from the heavy rain Saturday covers about two miles of the Chicago, Rock Island and Texas railroad track between here and Bridgeport, stopping all trains. The bridge is intact, but it is feared considerable track is gone.

Little Damage at Brownwood.

Brownwood, Tex., Sept. 25.—The town of Brownwood has not been seriously damaged by the overflow of Pecan bayou nor have any lives been lost. The water flooded the town and some damage resulted from this cause. Trains will be running through in a day or so over both the Santa Fe and the Rio Grande.

High Water in Taylor County.

Abilene, Tex., Sept. 25.—This country has had the heaviest rainfall it has had in many years. All eastbound trains are still here, awaiting the bridge gang to repair the bridge east of the city across Cedar creek. From all sections of the county come reports of great damage to cotton, and in some instances entire crops are swept away.

Rains in the Territory.

Durant, L. T., Sept. 24.—Recent rains here have damaged the cotton crop a great deal, although it is thought there will be an average crop.

Nominated for Congress.

New Orleans, Sept. 24.—The Democrats of the Third district nominated R. F. Broussard to succeed himself in congress.

Population of Chattanooga.

Washington, Sept. 25.—The population of Chattanooga is 32,490; in 1890 it was 20,100.
